## Data protection

We collect, process and use your data only within the framework of the statutory provisions. This data protection declaration applies exclusively to the use of the websites we offer. It does not apply to the websites of other service providers to which we only refer by a link.

## Links

In the case of direct or indirect references to third-party websites (hyperlinks) that are outside the author's area of responsibility, liability would only come into effect if the author was aware of the content and it was technically possible and reasonable for him to prevent use in the event of illegal content. The author hereby expressly declares that at the time the link was set, no illegal content was recognizable on the linked pages.

## Copyright

The author endeavors to observe the copyrights of the graphics, audio documents, video sequences and texts used in all publications, to use graphics, audio documents, video sequences and texts created by himself or to use license-free graphics, audio documents, video sequences and texts. All brands and trademarks named on the website and possibly protected by third parties are subject without restriction to the provisions of the applicable trademark law and the ownership rights of the respective registered owner. The conclusion that trademarks are not protected by the rights of third parties should not be drawn simply because they are mentioned! The copyright for published objects created by the author remains solely with the author of the pages. Any duplication or use of such graphics, audio files, video sequences and texts in other electronic or printed publications is not permitted without the express consent of the author.
